## Thought for the week

A mind is like a parachute. It doesn't work if it is not open.

- Frank Zappa

## Calendar

### September

29 Animal Lovers Club excursion to zoo

30 TIS Swimming Championships (2.00-5.00pm)

### October

1 TIS Educational Forum (2.00-4.30pm)

3 TIS Founders' Day; International Day

6 SAT; TIS Durbar (11.00am-1.00pm); Visiting Saturday (1.00-4.00pm)

7 Thanksgiving Service (11.00am-12.30pm) Visiting Sunday (12.30-4.00pm)

## Making Us Proud

- Our Pioneering Students, Parents and Staff who joined us for Wednesday's Special Assembly – a wonderful, nostalgic and emotional event.
- Our youngest newbies, G7, who demonstrated what brilliant TIS Ambassadors they are by their actions last Friday. They are well on the way to becoming Class of the Year.
- Mafina Amoako, G9 Newby and TIS 2018 Speaker of the Year.
- Our Girls' and Boys' basketballers and table tennis teams, and the boys' tennis team who enjoyed their social games against MICS last Saturday at TIS.

## Reminders

- Please read the weekly bulletin and monthly newsletter, and take action as required.
- All sections of the online exeat form must be completed for it to be submitted. Otherwise, you will see an error message. The time component is a 12-hour clock.

## Speaker Of The Year

Six nervous students entered the stage last Friday to compete for the 2018 TIS Speaker of the Year. The aim of the event is to promote public speaking, an important skill for anyone. I was very proud of the students who participated and took to the stage in an event many would like to avoid.

Mafina Amoako was declared Speaker of The Year after three exciting rounds. Congratulations also to Ethan, Phoebe, Naa, Nana Yaa and Edward on your fine performances. Well done Language and Literature Department and the TIS Debating Society.

## Special Assembly

We enjoyed a nostalgic trip down memory lane on Wednesday at a Special Assembly to celebrate the beginning of TIS and acknowledge our pioneers. In addition to some special dancing and musical performances, the audience was delighted to hear about pioneer life and memories from staff, Alumni and parents. This assembly was a great prelude to next week's Founders' Week events.

## TIS Founders' Week

Next week marks the 15<sup>th</sup> anniversary of the opening of Tema International School. TIS Founders' Day is celebrated on Wednesday, 3 October, and there is a full line-up of events to mark this special milestone for TIS.

- Sunday, 30/9/18: TIS Swimming Championships (TIS Pool: 2.00-5.00pm)
- Monday, 1/10/18: TIS Educational Forum – A Transforming World (MPH: 2.00-4.30pm)
- Wednesday, 3/10/18: Founders Day celebrating International Mindedness.
- Saturday, 6/10/18: TIS Durbar (Sports Complex: 11.00am-1.00pm)
- Sunday, 7/10/18: Thanksgiving Service (Sports Complex: 11.00am-12.30pm)

## Visiting Days: 6-7 October

With the Durbar and Thanksgiving Service on the following weekend, parents are invited to stay on campus for a visiting session until 4.00pm on either Saturday, 6 October, or Sunday, 7 October.

## Bullying

While bullying occurs in some form in most schools, it is not tolerated at TIS. However, the nature of the bully is to threaten their victim(s) to silence. In the hostels, bullying may be 'asking' a younger student to do their washing or ironing; or collecting their meal at the MPH; or doing their chores; or providing food or drinks. None of these actions are acceptable as all students are responsible for their own obligations.

Bullying at TIS will result in an automatic school suspension.

We all expect our students to enjoy a safe school environment.

## Care of Devices

All students have a personal locker in the classroom block. Students were required to bring a lock to secure their locker, if it did not have an in-built lock.

Students should have a protective cover/bag for their device, and the device should be kept in this cover/bag, when they are moving between classes.

When not using their device in classes, students must secure them in their locker.

When closing the lid on a laptop, students should ensure that there is nothing remaining on the keyboard that can damage the screen. Stapled sheets will quickly crack a screen if the lid is closed on it.

When removing a plug from a power source, students should hold the plug and not the cable to remove it.

You never expose devices to rain.

I am concerned about the carelessness in the above matters as it is each student's responsibility to be responsible for their device.

## Swimming Carnival

The TIS 2018 Swimming Championships will be held on Sunday from 2.00-5.00pm. Will Yellow continue their strong swimming tradition? Or is there some swimming talent among our newbies? We will know by 5.00pm on Sunday.

## The Common Denominator

### *Uniforms*

For any uniform requirements, please email Aunty Norah with details, including sizes, and the number and items required. Norah's email is: [norahke@tis.edu.gh](mailto:norahke@tis.edu.gh)

### *TIS Events*

Parents are always welcome to attend any TIS event. We live in a busy 24/7 world, so this open invitation to parents to attend any event hopefully provides some sanity when trying to juggle calendars. Throughout the year, there are specific Visiting Sundays. However, they are not a monthly event as there may be sufficient TIS events available to parents to see their son/daughter.

### *Exeats*

Exeats are required if parents require their son/daughter to depart the school for appointments, family gatherings, etc. Parents should download, complete and email the exeat form from the school website: <https://www.tis.edu.gh/exeat-form/>

Please note:

- Exeat requests must not clash with a school event. Approval from the general Manager will be required in these instances.
- Students will not have exeats approved if they have outstanding work to complete.
- Exeat requests for a weekend should be received by COB Wednesdays.
- Students returning from an exeat on a school day must be in full school uniform, including shoes, not sandals.
- Students should return from an exeat by 5.00pm. Gates are locked at 6.00pm.

### *ManageBac for Parents*

ManageBac (MB) is our learning management portal that is used by teachers for planning assessment, reporting and attendance. Students use it to access assignment tasks, resources, and assessment results, including semester reports. Parents access MB for reports, announcements and can track their child's academic performance. Almost all messages, including the weekly bulletin and monthly newsletter will be sent through MB to parents. If you have any difficulties registering or logging in, please email Ken ([principal@tis.edu.gh](mailto:principal@tis.edu.gh))

### *International Students: Residence Permit for Non-Ghanaian Students*

All non-Ghanaian students require residence permit to be able to attend TIS legally, as per the immigration laws of Ghana. TIS is happy to assist parents in this matter. For any clarification, or further assistance, please contact our Administrator, Mr Eddy Torkonoo: [etorkonoo@tis.edu.gh](mailto:etorkonoo@tis.edu.gh)

### *Personal Laptop Requirements*

We strongly recommend that students bring and use a laptop at TIS. To ensure a successful connection to the TIS Wifi network, parents and students should be aware of the following basic requirements.

1. PC: Windows Operating system should be domain ready. Mac: Mac OS10.9 or above
2. Microsoft Office (Office 365) installed and activated
3. Anti-virus installed and firewall activated
4. In-built wireless adaptor card installed and tested
5. External wireless adaptor (USB) compatible
6. Chrome or Firefox installed

For further advice, or assistance, please email IT Support: [support@tis.edu.gh](mailto:support@tis.edu.gh)

Happy 15<sup>th</sup> Anniversary, TIS.

Dr Ken Darvall

### **SUPPLY OF MOSQUITO NETTING**

As an addition to our existing strategy of regular fumigation of the entire school premises to control mosquitoes and other unwanted insects, we encourage the use of a student mosquito net, as illustrated in the photos. The cost is GHC 80.

We believe this is an improved approach at solving the issue to a large extent, at least in the hostels whilst the fumigation should take care of the classroom block during prep. However, students still need to wear appropriate clothing at night, and repellent.

We are happy to take orders next week and have the item charged in the next bill. Please email your order (Name; Child/ren; Grade) to [info@tis.edu.gh](mailto:info@tis.edu.gh) by 28 September. These nets will then be supplied within two weeks.

### DETERMINATION OF THE FOCAL LENGTH OF A LENS

#### INTRODUCTION

The focal length of an optical system is a measure of how strongly the system converges or diverges light. It is basically the distance over which initially well directed (parallel) light rays are brought to a focus to enable formation of very clear or sharp images, after the light emerges from the lens. A better understanding of this will help the students know some of the working principles of a camera, projector, microscope, binoculars, eyeglasses and other optical systems/materials.

Some Grade 10 students performed an experiment to determine the focal length of some lenses. This was done by varying the position or distance of the given light source (object) until a sharp image was obtained on the screen. The procedure was repeated for five different positions of the light source.

The object distances ( $u$ ) and their corresponding image distances ( $v$ ) were recorded in a table and some arithmetic operations were carried out with the data and graphs were plotted accordingly.

#### REFLECTIONS

“What I thought was going to be a normal physics class surely was not. My receptive physics teacher, Mr. Ladson, had prepared a practical session for us to understand the characteristics of light and how it’s refracted and emerges from a lens. Mr. Ladson has been organizing various activities for us to be inquirers, but this activity carried out this week was by far the most exciting. I got to see how light bends when it comes in contact with a lens and how that applies to everyday objects such as spectacles and binoculars. Overall, the practical session was very engaging and I was able to grasp information regarding the characteristics of light waves better.” **-Eyako Eli Dzantor**

I walked into the class to see lots of experimental apparatus on the tables. We were about to do an experiment to practically investigate the characteristics of the refraction of light through converging lenses, and I thought, “What a waste of a two-hour period?” We began by learning the theory behind the experiment, then with the help of Mr. Ladson and Mr. Mark, we began the practical. As I followed the instructions and performed the experiment, it clicked and all the miscellaneous pieces of information began to fall into place and I understood everything that was explained, now I can explain the characteristics of an image formed when light is refracted by a convex lens, not because I know it from theory, but because I have confirmed it through experimentation. In a nutshell, this experiment was quite insightful and I hope we have more of them. **-Ethan Pobee**

In class we experimented on focal points and length. We had setups that demonstrated if the object distance is less than the focal length (the length from the object to the lens), the image will not be seen. If the object distance is greater than the focal length, the image will be closer to the lens. We

Follow us

were able to relate all our findings to real life scenarios, such as myopia and hypermetropia, where concave and convex lenses can be used to solve those problems. – **John Adenu-Mensah**

### LAUNCH OF 2019 CR8TIFF BUSINESS PLAN COMPETITION FOR HIGH SCHOOLS

On Tuesday, 25 September, 2018, nine students accompanied by three staff members took part in the launch of 2019 CR8TIFF Business Plan Competition hosted by Lead Afrique at the China Europe Business School (CEIBS), East Legon-Accra. There were several international schools present: Beacon College, MCS International School, Shield International School, Pioneer International School, Merton International School, Ghana International School and last year's winners, Alpha Beta International School. We had the opportunity of interacting with business moguls, such as Reverend Kennedy Okusu (a 30-year self-employed entrepreneur and founder of KRIFF Ghana Ltd); Mr. Kofi Siame (CAL Bank's head of marketing); Mr. Mike Ohene-Effah (Co-Founder of Lead Afrique) among others. Students were imparted with a rich entrepreneurial experience and one is a quote by Reverend Kennedy Okusu which reads, "Entrepreneurship is not

about making profit, but it is about making an impact on your society." In addition, the renowned entrepreneurs continuously advised the students on good planning, having a thought-out vision and using one's own business to help the community. They were also encouraged to look forward to not just winning but experiencing the journey of the competition as it will aid in their future aspirations to be businessmen and women. A trait of most successful entrepreneurs is the skill of socialization. Thus, all schools were encouraged to stay and socialize with the other schools that were present. Interviews of students were

also held to allow them to share their reflections on the launch and their expectations for the journey through the competition. TIS is poised to win next year's edition of the competition as the students were educated concerning the program and how it will run through from now till next year, as well as the measures put in place to undertake this program. It is in the hope of our TIS student competitors and the Individual and Societies department that we win next year's 2019 Business Plan Competition and gain a handful of experience from the whole program.

*Joeux Anniversaire TIS! 15 years of spectacular university and college admissions and amazing scholarship packages from schools in Ghana and across the globe! 15 years of shaping lives and remarkable achievements. The best is yet to come!*

*We celebrate with gratitude, this great milestone! To God be the glory!*

### Lesson Plan DP1: College Mall

Going to university? Although there may be a limitless list of things a university student may want to buy for school, one thing is of essence: getting into best fit colleges/universities with a well-structured curriculum, student support that unearths and harnesses talents and creative intellect to students' advantage. The "college mall" was an activity that gave students the opportunity to browse through a number of university brochures, in order to help them discover university options that they may never have known about hitherto. There was a wide selection of brochures from different countries, and students captured the most salient points and shared these with the class, through their college mall presentation. Presentations covered the availability of scholarships and financial aid, location, major programmes, facilities available, class size, among others.

### *DP1 Students' Reflections on the College Mall activity.*

*"During last week's guidance period, my grade-mates and I had the opportunity to peruse through a plethora of college brochures and guidebooks. It was a fun experience because we had the chance to listen to music that we all like and work at the same time. Some might say it must've been distracting, but personally, I think that the songs motivated us to work well and be productive.*

*Overall, the class was great and I strongly believe that it was designed to give us an insight on how to explore and research and be open-minded about applying to different schools all over the world" ~ Keziah Anthonio (DP1)*

*“Last week we had an activity called “College Mall”. In this activity we sat in different groups on different tables and on each table there were a minimum of 10 different school brochures which we were all supposed to look at and write about, but just a few points. To my surprise and benefit, I came across the Savannah College of Art (SCAD) brochure which made me really happy because my dream school is SCAD and I really want to get into SCAD. So guidance class really helped me move a step further in my journey to SCAD. I later went and read the brochure in the library. Now I have a clear description on what I’m supposed to do to get in. THANK YOU!” ~ Kosiso Beluonwu (DPI)*

## DP2s’ UCAS Personal Statement Made Easy

**top 10 tips** for writing your **UCAS** personal statement

- 1 start well**  
A strong opening sentence will make it clear why you have applied to study a particular course.
- 2 make it easy to read**  
Don't write in one long paragraph. Clearly define experience, additional qualifications and aspirations.
- 3 write it yourself**  
Make sure it reflects your own personality and individuality.
- 4 use examples**  
When you are talking about your strengths and qualities use examples to highlight your claims.
- 5 let your personality in**  
Make it original and ensure it reflects who you are as an individual.
- 6 demonstrate a real interest**  
A significant amount of the statement should be focussed on your chosen subject.
- 7 answer the question**  
“Why should we give you a place on the course?” Don't just write about yourself.
- 8 value added skills & learning**  
What have you been doing that is relevant and beyond the requirements of your A levels.
- 9 work experience**  
What have you learned from it?
- 10 write naturally in your own voice**  
Your personality and your opinions, not a bunch of clichés.

### HERITAGE Project

#### The Dream

Growing up, I was inspired by the works of creative designers, such as Alexander Wang, Nigo, James Jebbia, and many more. This summer, I decided to try a little something of my own.

Heritage is a clothing brand that appreciates the lifestyle and culture of the youth. It was developed with the intentions of building entrepreneurial skills and gaining experience in running a business

venture. My zeal for business was nurtured by the Innovation and Entrepreneurship Club (IEC) and the exposure I received when participating in the “La Caxia” Competition.

#### The Maiden Edition.

The concept behind this design was based on the entire boarding school experience. The trendy watch represents time management, the hula hoops represent fun and games, and the books represent knowledge and education. A silver hand presents all these items, signifying balance and showing that they're not to be done in isolation. To purchase one, please contact Eddy Quansah (Francis Hostel), Eunice Ahashie (Cecilia Hostel), Nadia French (Catherine Hostel) or after school at the CASSA office.

#### HeritAid.

‘HeritAid’ is a sub-aspect of my clothing brand that is directed at charitable causes. The goal is to donate clothing, food, and other necessities to orphanages and less fortunate people in general. This year, we hope to visit 2 orphanages and have mini modelling sessions with them. This aims at giving the orphans an opportunity to explore fashion and modelling. To donate or support our cause, please contact my project supervisor Mrs King, [surama.king@tis.edu.gh](mailto:surama.king@tis.edu.gh)

## YEP – Seminar

### Stakeholders meeting of the Youth Enterprise Programme

The Youth Enterprise Programme under the umbrella of the **TIS Innovation and Entrepreneurship Club** had their stakeholders meeting on 22 September, 2018 to enable students have an appreciation of how money is made and be more responsible in the use of scarce resources.

Under YEP, students are expected to create a business whose object must be in sync with the Walking Shoes

Foundation Secretariat. The Walking Shoes Foundation is the shareholder of a YEP company limited by shares.

The meeting enabled students to have coaching in the fields of business plan, legal and compliance, finance and human resource. The **Youth Enterprise Programme** will instill in students entrepreneurial, employability and marketing skills. - Mr. Emmanuel Sampong (TIS YEP Coordinator).

### TIS YEP stakeholders meeting at Association International School.

#### Reflecting on our experience

On Saturday, 22 September, 2018, 9 students from TIS attended a seminar at Association International School. The seminar was the maiden meeting of the Youth Enterprise Programme founded by the Walking Shoes Foundation. We had experts from Human Resource, Finance, Sales and Marketing and Legal Compliance. We had the opportunity to sharpen our entrepreneurial skills and instilled in us the need to be financially disciplined. We are now ready to start our business! - **Akua Boatemaa Okyere** – Grade 11

I am grateful for the opportunity to be at Association International School to attend a board meeting organized by The Walking Shoes Foundation. At the meeting, we were fortunate to meet experts

### Human Rights Friendly School

Everyone has a say in decisions that affect them.

Everyone can access learning resources and activities.

School leaders respect everyone's human rights.

We are all responsible for making our schools safe and welcoming for people of every race, religion, gender, age, and ability.

Everyone learns what human rights mean have and around the world.

We look after each other's wellbeing.

We treat each other with respect.

Students have choices about how and what they learn.

**...WE SHOW THE WORLD HOW A COMMUNITY CAN PRACTICE HUMAN RIGHTS.**
