Thought for the Week

We, as a people, are great at arguing, bad at listening, and worse at considering.

- Steve Calechman

Bring The Village!

According to the Director, Mr Ebenezer Asime, everything is set for the best performance ever by TIS!

Once on This Island is this year's performance and everyone is in store for a mesmerising musical performance.

The best advice I have heard is simply, bring the village! Bring all the village on either Saturday, 12 November or Sunday, 13 November.

Each performance will start at 7.00pm at the Main Campus Multi-Purpose Hall and tickets cost GHC50 for students and GHC80 for adults.

At these prices you can bring your village, as well as your neighbouring villages!

"My definition of integrity is a set of beliefs, values, and actions that others can depend on."

-Steve Bollar

Making Us Proud

- For their incredible CAS project to improve the health within the local community. They provided HOPE and INSPIRATION last Saturday through their ACTIONS. Thank you: Andrew Opuni,

Bellina Anthonio, Chesney Noye, Claris Perdison, Kofi Asante, Lexi Forson, Melike Agah, Nana Ama (Nhyira) Owusu (G12), Mawololo Agbeli, Emmanuela Manukure,

Anastasia Manteaw, Ayomi Asante, Dzidzor Mac-Deh, Ewuradjoa Obeng-Nkansah, Maa Abena Afriyie-Owusu, Maadjoa Obeng-Nkansah (G11)

- Guy Fokou, father of Gregory (G11) for his generous donation of GHC2000 towards the annual play proceeds. Thank you so much.

- Congratulations to the following awardees in the 2022 Commonwealth Essay Competition:

Charlene Akwei (10) (*Gold Award*); Vitus Anaab-Bisi (10) (*Silver Award*); Ann Joelle Amey (10) (*Silver Award*); Aisha Hussein (10) (*Silver Award*); Jaye Asante-Asare (10) (*Silver Award*); Joseph James (10) (*Bronze Award*); Alswell Adelaide Egbenya (10) (*Bronze Award*); Jenelle Mac-Deh (10) (*Bronze Award*); Theona Martin-Lawson (10) (*Bronze Award*); Christian Amoah (10) (*Bronze Award*); Keona Martin-Lawson (10) (*Participation*)

Each annual performance produces new stars, usually students whom you would least expect. Who will be this year's new rising stars of this performance?

Personally, I am pleased Once on This Island is a musical because from my experience, TIS musical performances are simply the best. Remember Beauty and the Beast? The Lion King? Well, Once on This Island will outshine them all!

Perhaps, the most incredible aspect of each TIS performance is the student ownership. On stage, back stage, section directors are all students. It's their performance.

You should never have regrets in life. So see you on Saturday or Sunday. Don't miss their incredible performance.

And, don't forget to bring the village.

One last thing.....All profits go to CAS Projects that benefits many that need our help, support and inspiration. We know there are so many worthy projects that need our assistance and support. Let's make it happen at a time when the going is tough for many.

I appreciate your support. Stay healthy. See you at the show!

Ten tips for acting with integrity

Always act with honesty and in a responsible and ethical manner—being conscious of the influence that you have on those around you can set a great example to others.

Familiarise yourself with the school's rules and ensure that you understand what academic integrity means and consists of.

Don't try to gain an **unfair** advantage in coursework, mock examinations, or assessments by copying someone else's answers or using a mobile phone during an exam, for example.

Always reference and cite other people's work that you have used in your essays—be **proud** of explaining that you understood someone else's ideas and thought that they were good. **Seek help** if you are struggling or are not sure of expectations.

Stand up for what is **right**—alert a member of staff at your school if you suspect that someone has cheated.

Learn to **accept** your strengths and weaknesses and do the best that you can.

Take responsibility for your own actions and their consequences.

Know how to **safely collaborate** and share work when using social media and digital collaborative platforms.

Be mindful of maintaining academic integrity during group work/projects and keep track of what each group member is contributing.

Try to **overcome procrastination**. Managing your time wisely will reduce stress-induced, last-minute work which increases the likelihood of cheating.

What Makes TIS Primary A Unique School

TIS Primary is a unique school because: it is a family school; we have qualified teachers; I have good friends, we have great facilities; we are good communicators; and we are open-minded.

TRANSDISCIPLINARY LEARNING

The Additional Subjects

The term ‘additional subject’ at the TIS Primary School refers to a subject chosen to enhance a particular unit of inquiry but outside the purview of the homeroom teaching. Other disciplines

utilised as an enrichment tool to help students grasp the math, science, English and social studies lessons taught by the homeroom teacher include drama, dance, music, arts, sign language, Mandarin, French, and PSPE. Collaboration between homeroom instructors and teachers of other subjects frequently occur to link all they teach to the same units of inquiry.

A transdisciplinary approach ties together various academic disciplines to one subject, helping students better understand the issue, the connections, and the reason behind their study of a unit of inquiry. This technique enables learners to remember what they have learnt better. In TIS Primary School, where learning is a continuous process, students are more motivated and see more significance in what they are learning. They develop divergent thinking and creativity by exploring different activities. The connections here create an understanding of the essence of what they are learning.

TIS Primary School is interested in and concerned about the students' learning. It argues that acquiring knowledge through a transdisciplinary method will provide the student with a deeper comprehension of a subject.

LANGUAGES

At TIS Primary School, the culture of learning language is at the core. It is believed that language can break down barriers and unite the learning community. It stimulates and encourages communication in a variety of ways, fostering and enhancing bonds and the development of international mindedness. To overcome the communication gap between TIS Primary School students and other students throughout the world, languages such as French, Mandarin, Sign Language, and the local Ghanaian mother tongue are embedded in the learning and teaching process. There is evidence of transdisciplinary learning through the various languages and this provides different lenses through which learners understand the same phenomena and build new understanding. Below is a link to videos of languages on the TIS Primary School campus.

https://drive.google.com/drive/folders/1n3bnbbOmBqigBkX4ujdP27n6wd73pbAb?usp=share_link

ARTS

At TIS Primary School, in addition to acquiring new rules of speech and debate, the arts promote social cohesiveness and empowerment techniques. Drama, dance, music, and visual arts are used to supplement units of investigation. Here, students learn how to deliver their understanding in a pleasant and light-hearted manner to educate the entire learning community during unit assemblies and unit celebrations.

Learners' creations are unique because they are based on what they are learning and there is a connection across all disciplines. Learners express their ideas creatively making the process of learning an enjoyable one.

Learning is enjoyable at TIS primary school so students look forward to attending class each day. A great emphasis is placed on learners' growth as inquirers, both inside and outside the classroom.

ACADEMICS

At TIS, we believe that the academics, as one of the four pillars for student balance and ensuing success, provide a theoretical lens for inquiry, critical thinking and conceptual understanding, as well as the opportunity to demonstrate our knowledge and understanding across many areas of learning.

DP Visual Arts Trip: Gallery 1957

The trip to the Gallery was a really fun and informative trip. I got to visit a gallery and view artist works in person allowing me to see the skill levels of professionals. This trip motivated me to want to improve my skills within art. The exhibition I liked the most was "Whispers down the lane" by Araba Opoku. - **Franklin Adu-Baah (G11)**

My experience at the gallery was amazing. I got to enjoy and appreciate art on a level I aspire to reach, as well as meet artists that truly inspire me. But what truly made my trip was the time I got to spend with all the IB visual arts students. - **Katari Alhassan (G11)**

I visited the 1957 Gallery for my visual arts class. It was such a unique experience. To be able to stand in the midst of artists and their artworks and understand their intentions was truly insightful. This trip taught me how to appreciate art and comprehend the whole process an artist can go through to finalise an art piece. The best part of the trip was experiencing the space at which the different exhibitions took place. It gave an actual feel of the artist's emotions and what the artist was trying to portray. - **Veronica Arthur (G11)**

The trip to the gallery was amazing. It gave me the opportunity to view artworks of professional artists. This helped me to learn more about the skills of artists and appreciate art more as a whole. The experience was truly captivating. I got the chance to interact with an artist. Through this I learnt more about the elements of art and their importance in creating artwork. The highlight of my trip was walking through the spaces of the exhibition. The intense mood conveyed by the space gave the audience a feel of the emotions portrayed by the artworks making it easier for the audience to interpret the artworks. - **Nanette Ativor (G11)**

This gallery visit was extraordinary, to sum it up in one word. Initially, I was not expected to be wowed by the exhibitions but when we arrived at the third exhibition, I was taken aback and impressed. This exhibition was done by artist Araba Opoku, whose exhibition was titled: *Whispers down the lane*. Essentially, her exhibition tackled the scarcity of water in Accra and how damaging it can be. When we walked into her space, we were greeted by a room covered from top to bottom in green frills and curtains resembling the wave patterns of water. Not only did the space provide us with comfortable green beanbags, but we did view a short film she made in relation to her theme which showed the hardships of waking up at midnight to fetch water. Another interesting thing was the presence of a tap and a jerry gallon which invited viewers to feel water. Much to my chagrin, there was no water coming from the tap which then reminded me of the purpose of the exhibition.

In summary, this exhibition was very immersive and a great experience which has provided me with an idea or two for my upcoming exhibition. **-Andrew Opuni (G12)**

Once on This Island - Cast & Crew reflections

A surreal experience. **Seffirina Masoperh, Grade 11**

The school play journey has been exciting. Working with everyone has been fun and I've learnt a lot. **Phebe Tweneboah, Grade 10**

Through the school play, I have developed my communication skills and time management and I have truly enjoyed having the opportunity to be a part of the school play. **Allyson Achiampong, Grade 10**

School play has been a great experience. It has taught me a lot of things and has opened my mind to different perspectives of life. **KabukiNhyira Caesar, Grade 11.**

School play is always very insightful. You are able to dedicate and devote time into something amazing to the end. It's very nice to be engaged in an amazing production. You are able to make use of your ATL skills such as self-management which is very essential throughout this time. **Charlene Akwei, Grade 10**

School play has been a very difficult experience for me—however, I have been able to make new friends and learned to manage my time, more importantly, and I have learnt that in everything you do, do it with all your effort because it will pay off. **Maame Serwah Dabo, Grade 11**

Once on This Island - Cast & Crew reflections

School play has proven to be very challenging but the DP programme has taught me how to balance my time really well and use it effectively. **Joel Adjei, Grade 11**

This year's school play had been challenging. It required a lot of time-management and energy. It improved my communication, teamwork, and self-management skills. I am happy that I was able to self-improve while contributing to a great performance. **Mika Mensah, Grade 10**

The school play this year has been a very big eye-opener for me. Learning new skills, working with new people and in general, just experiencing new things. In all it has been very insightful. **Maame Ekuba Bervell-Ackah, Grade 10**

The school play production has been a very overwhelming but interesting process for me because it had taken a lot of time out my day but has however improved my ability to manage my time well. As an instrumentalist, it has improved my skills and increased my music theory ability in general. I am thankful for the opportunity TIS has given me to showcase my talents. **Eugene Cobinnah, Grade 11**

The school play production has been an insightful experience, as it had helped me improve my time management skills and also help improve my communication skills. **Adelaide Egbenya, Grade 10**

School play has been so inspiring even though as a new student I was able to manage my time and also my studies, I have been able to learn new skills due to how time demanding and how collaborative it was. **Abena Aseye Asare**

from you.

We invite IB students and IB educators to join the **#FestivalOfHope** by recording a video telling the story of how your action brought you hope, or brought it to others.

Reflection by Eliezer Eliezer Anim-Somuah DP2, Enjoy Reading

"Today we had the privilege to be informed by two universities McMaster University in Hamilton Canada and IE University in Spain. I learnt about both universities during the talk.

For McMaster I learnt they accept full diploma and course students, they offer scholarships for international students. The best part of the scholarships is that there is no cap on the amount you can receive meaning the better your grades the more money you receive. They also offer co-op programs which gives the opportunity to students who want to get hands-on experience in the program they are doing whilst learning. IE University has two campuses in Spain, one in Madrid and the other Segovia. Both campuses do not accept course students only full diploma students because of the law restrictions in Spain. They also give scholarships to international students, have over 130+ nationalities across both campuses. Students have the opportunity to study at both campuses during their time at IE University".
