Message from Principal

Congratulations to our Grade 6 students on the remarkable culmination of their PYP journey. This year, you have actively demonstrated each IB Learner Profile attribute and made significant strides in your personal and academic growth. Your journey, encompassing the six PYP transdisciplinary themes, was punctuated by the memorable PYP Exhibition. Your efforts and outcomes were widely appreciated, and the Exhibition is a testament to your learning journey.

I am excited to welcome you to the Main Campus in August 2025 as the fifth graduating PYP cohort when you commence the next stage of your IB journey with the Middle Years Programme. I will rely on you to support newbies who will be joining TIS without prior IB experience.

To our Kinder 3 students, today we celebrate your graduation from the Early Years, as you have reached the end of your Early Years journey and are ready now to commence the Primary years of PYP. As a group, you have been focused, caring, engaged and active learners who

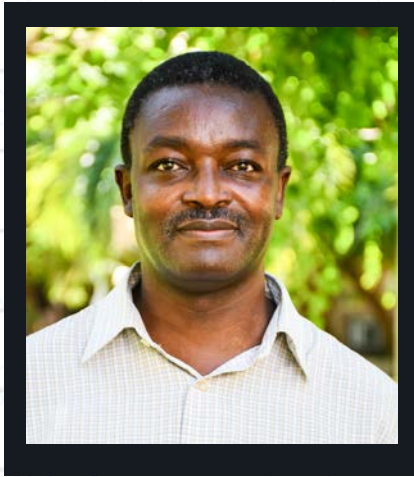

enjoyed the play-based learning environment that the Early Years offer. Congratulations on your successful year.

We extend our heartfelt gratitude to all the staff members who have been instrumental in guiding our graduating students throughout their journey. Your dedication and commitment have been invaluable. We also want to acknowledge the exceptional support of our parents, who have laid a strong foundation for their children's success, even during challenging financial times over the past year.

We remain grateful for the outstanding close community spirit that is so evident at the TIS Primary Campus.

Thank you, everyone, for your role in our students' lives.

~ DR KEN DARVALL

Message from PYP Coordinator

Today we gather here to celebrate brilliance from a special group of students who have demonstrated a typical understanding of transformation and revolution. The graduating group especially the grade 6s, have traversed many educational journeys in search of reinventing themselves and finding that unique place on the pedestal of education. One walking through the corridors where most of their preparations took place would very much and metaphorically so hear them simply asking the questions, "How can one be revolutionary and yet remain traditional? How can one seek change while they hold on to the past?" Indeed and hence the coining of the theme "Step up for change". As revolutionist these smart students have indeed stepped up for change and a beautiful one for that.

I am proud of each and every one of them for the contributions they have made to TIS primary school. The many projects done, the unit celebrations produced, the many "fights"

for excellence, and most importantly the unique PYP Exhibition that was a testament of a cry for change. All these will for a while remain nostalgically with us here. These will keep our memories refreshed of the unique purpose of education as a tool for social reconstruction. As they walk away, truly they leave back a reflexive community of learners who have indeed been challenged to step up for change. I am proud of them for their resilience and commitment as they stood up for change from such diverse perspectives. I am proud of them that in every educational aspect they have overcome many hurdles and challenges to become the ambassadors of change.

Now, let me wish the graduates well as they move on to different spaces of learning. Please do keep the understanding that this move would simply be a setting of new, fresh benchmarks like you have always done here at the primary school. The environment will be different but you remain the same with your focus and zeal for transformation. I have every confidence in your ability to surpass all expectations because your own expectations of yourselves have always been beyond those set by those around you. Go on and make us more proud! Congratulations!

~ JACOB LUMUMBA

For his secondary education, Dr. Glover-Addy was a day student at St. Thomas Aquinas Secondary School, where he completed both his O-levels and A-levels. He then spent a year at Accra Workers' College before gaining admission to the University of Ghana Medical School in 1989. He graduated in 1997 as a medical doctor.

His housemanship was undertaken at the prestigious Korle-Bu Teaching Hospital, after which he served as a medical officer at Manna Mission Hospital in Teshie Tsuibleo and later at the Upper East Regional Hospital in Bolgatanga.

In the year 2000, he began residency training in General Surgery at the Korle-Bu Teaching Hospital, eventually specializing in Paediatric Surgery. In 2007, he was awarded Fellowship of the West African College of Surgeons in Dakar, Senegal.

Dr. Glover-Addy is a proud member of both the Pan African Paediatric Surgical Association (PAPSA) and the Ghana Association of Paediatric Surgeons (GAPS). Message from MYP Coordinator

It is always a delight to see our young learners in Grade 6 graduate from the PYP. For many of you (if not all), you have been looking forward to this day with great anticipation.

Thankfully, the day is here! Congratulations on achieving this milestone!

This indeed has opened a new chapter in your educational journey: a transition from the Primary Years Programme (PYP) to the Middle Years Programme (MYP). Your time in the PYP offered a unique experience and a solid foundation for your further studies in the MYP. Do not forget the lessons from the transdisciplinary learning experiences, enrichment programmes, exhibitions, and service initiatives because your MYP teachers will constantly refer to them during lessons and other learning experiences at the secondary campus.

MYP is a continuation of your IB education and at TIS, there are several interventions to ensure a smooth transition for all learners. One of such interventions is the Overnight stay on the secondary campus. Reading your reflections for this year's visit is a testament to the unique opportunities that boarding school provides, especially the experience at TIS.

At this time in 2021, some students were in the same place that you are in today. They stood in front of the school community to receive their certificate of PYP completion. These students did not stop at anything but continued to MYP and today, I am delighted to inform the school community that they have dully completed their MYP journey.

Abena Oforiwa Ookoampah, Adlynn Mate, Mawuena Apreku, Ewen Sevor, and John Opeku are our proud pioneer PYP Alumni who have also completed MYP. They await the next challenge in August, the Diploma Programme (DP).

To you, graduands, let their story inspire you to achieve greater heights in your IB education.

Parents, please continue to support our young learners and be rest assured that the MYP and the boarding experience at TIS will help them to become lifelong learners. **Thank you, Jerry Darko.**

TIS Hymn & Anthem

HYMN

Now praise we great and famous men,
The fathers, named in story;
And praise the Lord who now as then
Reveals in man His glory.

Praise we the wise and brave and strong,
Who graced their generation;
Who helped the right, and fought the wrong,
And made our folk a nation.

Praise we the glorious names we know,
And they whose names have perished,
Lost, in the haze of long ago,
In silent love be cherished.

In peace their sacred ashes rest,
Fulfilled their day's endeavour;
They blessed the earth, and they are blessed
Of God and man forever.

KNOWLEDGE IS THE KEY... (Anthem)
